The parties in this matter agree to the terms and conditions of the attached Stipulation as the final decision of this matter, subject to the approval of the Board. The Board has reviewed this Stipulation and considers it acceptable.

Accordingly, the Board in this matter adopts the attached Stipulation and makes the following:

FINDINGS OF FACT

1. Cynthia L. Ewert (D.O.B. 9/22/50) is a licensed practical nurse licensed to practice in the state of Wisconsin (license #12081). This license was first granted December 13, 1971.
2. At all times relevant to this action, Respondent was employed as a licensed practical nurse at South Shore Manor Nursing Home, Milwaukee, Wisconsin.
3. On April 30, 1996, a pharmacy technician at Pharmacy Corporation of America, Glendale, Wisconsin, filled a 30 day prescription supply of Coumadin for patient AH who was a resident of South Shore Manor. The physician's order for the medication called for 0.5 milligram tablets (which are a one-half tablet size and a brilliant pink color). Instead, 5.0

milligram tablets (which are whole tablets with a number "5" stamped on one side and a peach color) were prepared. The tablets were placed in blister packs of 14 doses per packet and were then checked by a pharmacist before they were shipped to the nursing home. The blister packs were labeled on the front as 0.5 milligram.

4. Respondent administered 5 milligram doses of Coumadin to resident AH on 5/01/96, 5/05/96 and 5/07/96 after checking the front label on the blister pack, which was labeled "0.5 mg.". A co-worker administered 5 milligram doses on 5/03/96, 5/09/96, 5/11/96 and 5/13/96. The nursing home physician's order and medication administration record called for 0.5 milligram dosage.

5. Respondent's conduct did not meet the minimum standard of practice because the criterion for safe medication administration was not followed, i.e., incorporating the procedure of checking the labeling of the medication (both front and back) three times against the Medication Administration Record (MAR).

6. Respondent has successfully completed a course of instruction and evaluation in medication administration and has been evaluated on successive supervised medication passes, during which she demonstrated a safe and competent medication administration technique.

CONCLUSIONS OF LAW

7. The Wisconsin Board of Nursing has jurisdiction to act in this matter pursuant to §441.07(1)(b) and (c) Wis. Stats., and is authorized to enter into the attached Stipulation pursuant to §227.44(5), Wis. Stats.

8. The conduct of Respondent violated § N 7.03(a) and (b), and N 7.04(15), Wis. Adm. Code.

ORDER

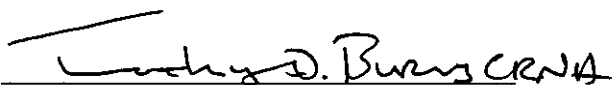

NOW THEREFORE, IT IS HEREBY ORDERED:

1. The Stipulation of the parties is accepted.
2. Cynthia L. Ewert is REPRIMANDED for her unprofessional conduct.

This Order shall become effective upon the date of its signing.

Dated this 12TH day of SEPTEMBER, 1997.
